Behaviour Policy Reception

Within Gulf British Academy (GBA), we believe that good behaviour is the key to a good education. We work to create a learning environment where everyone feels valued, secure and motivated to learn. We firmly believe that every member of our school community has a responsibility to teach children socially acceptable behaviour.

At GBA:

- We aim to promote high standards by modelling positive behaviour at all times
- We aim to encourage high standards of work and behaviour emphasising, praise and positive reinforcement
- We aim to ensure that all adults and children treat each other with mutual respect and consideration

Rights and responsibilities

Everyone within our school community has rights and responsibilities to ensure that GBA is a safe place in which to learn, work and play.

- Children have the right to learn, work and play in a friendly, safe and helpful school
- Teachers and staff have the right to teach and work in a friendly, safe and satisfying school, which is supported by the community
- Parents and Carers have the right to feel welcome and to know that our children learn, work and play in a friendly, safe and helpful school

Code of conduct

The school environment plays a central role in the children's social and emotional development. Adults encountered by the children at school have an important responsibility to model high standards of behaviour at all times. At GBA, we have adopted a behaviour programme called 'Stay On Green'.

In GBA, we work towards standards of behaviour that are based on the basic principles of trust, honesty, respect, empathy/consideration and responsibility. When children are following school rules and behaving in an appropriate way, we say that they are showing 'Green Behaviour'. Our expectation is that everyone in the school communities aims to show this behaviour at all times.

Why positive behaviour management?

In the world around them, children see many different examples of how people behave. We have a responsibility to help children understand that they have choices about how to behave and help them develop the strategies to make appropriate choices.

Our aim within GBA is to create an environment where children feel valued, safe and motivated to learn. We believe that good behaviour and discipline are the foundation of all learning and without a calm, orderly atmosphere effective teaching and learning cannot take place.

We believe that children respond best to praise and encouragement. We must try to find every opportunity to praise children when they are showing appropriate behaviour.

Children learn by example. Teachers and parents have a responsibility in setting a good example as well as ensuring that the rules are followed.

Green behaviours

Staff work to promote 'Green Behaviours' at every opportunity.

- School assemblies provide a focal point for talking about and reinforcing aspects of the school values and ethos
- Senior staff hold regular assemblies to revise with children what is meant by 'Green Behaviours' and what they look like
- Class teachers discuss 'Green Behaviours' with their pupils and ensure that the school rules and Stay On Green behaviour charts are displayed and used consistently. Class teachers should regularly review the behaviour policy with the children to ensure that everyone is clear about our expectations.

School and classroom rules

The school rules are on display around the school and in the classrooms. The rules are regularly referred to in assemblies and throughout the school day. They support pupil understanding of 'Green Behaviour' expectations.

Whole school behaviour policy: Stay On Green

The principles behind this system are:

- That all pupils have the opportunity to make positive choices about their behaviour and influence outcomes
- That teachers integrate a system within daily teaching in order to promote positive behaviour and effective behaviour management skills
- Pupils who consistently follow the rules are noticed and rewarded

The system allows for the following:

- A consistent approach that can be used by all staff
- Whole class and individual reward system
- Least intrusive approaches are used to manage behaviour
- Teaching of specific behaviours and routines

Praise is the most powerful form of influencing children's behaviour.

The following colours are used for positive reinforcement of good behaviour in Reception:

- **Green** - Praise and a sticker at the end of the day
- **Silver** – Sticker from class teacher
- **Gold** - The child is sent to the Senior Management Team (SMT) and they are given a certificate and a sticker.

In-class consequences

- Teachers use least intrusive skills to redirect behaviour
- If they decide to move a child's name to the blue, yellow or red cards they must be clear with the pupil what they are doing, and what the pupil can do to change this decision
- At least one warning is always provided for pupils in between each stage
- Teachers constantly help pupils make the right choices to move their card back to green and beyond.

The following colours are consequences:

- **Verbal First Warning** - explain why behaviour is unacceptable. This provides the opportunity for a pupil to start making the right choices so they can move back to green

Staff look for opportunities to move pupils back to the green card.

- **Yellow - Second Warning:** Pupil's name is moved to yellow card. This provides the opportunity for a pupil to start making the right choices so they can move back to the green

Staff look for opportunities to move pupils back to the blue and green cards.

- **Red - Third Warning:** 'Reflection Time' at break time in the classroom for 10 minutes.

Upon successful completion of 'Reflection Time' the pupil moves back to the yellow card.

Further consequences

Senior Management Team (SMT) involvement

If pupils continue to make the wrong choice about their behaviour they will be referred to the Head of Department.

Pupil behaviour will be discussed with the pupil with a view to one of two outcomes:

1. **Phone call.** Parents are informed of the situation, steps required for improvement and the next steps if there is no improvement in pupil behaviour. Pupil returns to class to aim to get back to the green card.
2. **Parent meeting.** This may include reviewing and developing pupil targets or developing an Individual Behaviour plan with the support of all staff working with the child.

This information will contribute towards:

- Individual Education and/or Behaviour Plans/Pastoral Support Programmes

Fixed-term and permanent exclusions

We do not wish to exclude any child from school, but sometimes this may be necessary. The school has therefore adopted the standard list of reasons for exclusion.

Only the Head Teacher has the power to exclude a child from school. They may opt to exclude a child in one of three ways:

- Fixed term internal exclusion (1 or 2 days)
- Fixed term internal exclusion (more than 3 days)
- Fixed term external exclusion

In extreme and exceptional circumstances, the Head Teacher may exclude a child permanently. It is also possible for the Executive Head Teacher to convert a fixed-term exclusion into a permanent exclusion, if the circumstances warrant this.

If the Head Teacher excludes a child, the Head Teacher should inform the parents immediately, giving reasons for the exclusion. At the same time, they will make it clear to the parents that they can, if they wish, appeal against the decision.
